RESPONSE C – ELECTION AND AMENDMENT

Dear Sir:

This correspondence is in response to the Restriction Requirement of April 22, 2003. The applicants hereby elect Group II, claims 4-25. The applicants note that claim 1—which is listed in the Restriction Requirement as being part of Group I—is clearly a linking claim, since all the claims of Group II are dependent claims depending directly or indirectly from claim 1. Therefore, claim 1 must be examined with the invention elected. (See, for example, MPEP §§ 809 and 814.) The applicants also note that product-by-process claims 32-39 depend directly or indirectly from claim 4 of Group II. The applicants further note that, pursuant to the present amendment claims 25-27, 40-43 and 45-49 depend directly or indirectly from claim 4. Therefore, these dependent claims should be found allowable to the extent they depend from allowed claims within Group II. (See 37 C.F.R. § 1.141(a).) The applicants also request that the following amendments to the claims be entered without prejudice:
